

facilitator training

The essence of Careforce Lifekeys is an encounter with TRUTH followed by a SMALL GROUP experience for the purposes of Support, Processing and Accountability.

The way the small groups are run is crucial. It can't just be any old style of small group encounter. It requires carefully applied protocols for Careforce Lifekeys to be safe and effective. That's going to require **TRAINING – the purpose of this course**

The “Truth encounter” or the teaching input is supplied by on video tape as part of each course – including this one.

The Group leaders are **facilitators** – not teachers or counsellors.

topics covered

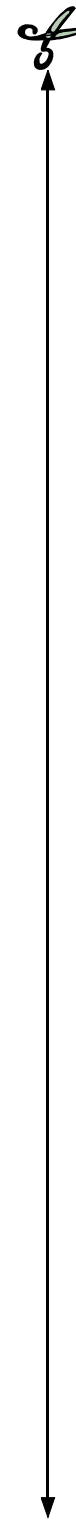

- Theological Foundations of Recovery
- The Arena of Healing
- Core Issues in Recovery
- The Cycle of Addiction
- Family Systems
- Grief and Loss
- How Healing Comes
- The Role of a Facilitator
- Stages of a Group
- Group Demonstrations

This course and the topics aims to lay a sound information base in behavioural, emotional, and spiritual aspects of Recovery.

Practical group work with development of related skills is a strong component.

This is a seven week course that provides training for facilitators and co-facilitators of Careforce Lifekeys groups and is a requirement for leading any such group. It is also good training for leaders of other small group.

The Playford Recovery Ministries board has the responsibility of determining if a person, having done the training, is suitable and ready to be a facilitator or co-facilitator.

search for life

application

Tuesdays Oct 14 to November 25 2008

Name: _____

Address: _____

Phone Daytime _____

Evening _____

Age group __18-30 __31-40 __41-54 __55+
